Dear friends of classical music,

all too often, the Holy City of Jerusalem is associated with hatred and strife. However, this is also a place of excellent classical music. And music has always been bringing together people from different cultural, national and religious backgrounds. Every year, dozens of choirs and orchestras apply to perform on the beautiful premises of the German Protestant Church in Jerusalem: either at the Church of the Redeemer, or in our medieval courtyard in the Old City, or at the Church of the Ascension on the Auguste Victoria Compound (Mt. of Olives). Together with our Palestinian Lutheran Partners, we have chosen the most outstanding among them to contribute this program. On behalf of our Music Committee, we would like to welcome you to our churches.
